WHY?

Why not either enforce the or-
dinances or repeal them?
Good evening! Of course you have
abandoned the idea of going some-
where else to witness the celebra-
tion of the Fourth.

THE PEOPLE'S CAUSE.

In closing its declaration of princi-
ples the Washington party state com-
mittee says:
"Upon these declarations we rest
our cause, which is the cause of the
people of Pennsylvania."
The people of Pennsylvania know
that Penroseism has been a shame
and disgrace to the state of Penn-
sylvania. No man who knows with what
sincerity and eagerness Penrose has
done the bidding of the monopolists
and beneficiaries of special privilege
can conscientiously say that Penro-
seism has been of any benefit to the
people of this state. On the other hand,
every intelligent man in the state
knows that but for Penroseism the
laws demanded by the people would
now be on the statute books on Penn-
sylvania.
The Washington party has clearly
and sincerely set forth the issues in
the present campaign. These issues
are vital to the interests of the com-
mon people and the common people
know that through no other party
than the Washington party can they
hope to secure the laws they have
sought for and which were defeated by
the Penrose senate of the state last
year. If the people want these laws
enacted they must vote against Pen-
rose, and the only way to defeat Pen-
rose and wipe the stain of Penro-
seism from the state is to support the
Washington party candidates.

MEXICAN SITUATION.

The situation in Mexico may be

said to be normal—that is, the peace
commissioners are talking of peace.
President Wilson is still watching and
waiting, while Huerta is receiving
arms and ammunition by the shipload
without any opposition from the
American government. This ammu-
nition may be used later in destroying
the lives of Americans, either in the
army or among those who are still in
the interior of Mexico.

Our policy in Mexico resembles that
of an infant who plays with fire. Wil-
son, backed by Chautauqua Bill Bryan
dreams dreams, and the day of peace
is farther off than before the seizure
of Vera Cruz. Had a Roosevelt
been in the White House when the
trouble with Huerta began that butcher
of American citizens would either
be a corpse or a refugee in some for-
eign country across the sea. Fail-
ure of the peace negotiations is sure
to come and the armistice has
given Huerta the opportunity he wish-
ed for—that of providing his army
with ammunition. What a farce this
Democratic administration is, to be
sure!

The next school teacher who runs
for the presidency will be defeated so
badly that he will want to migrate to
some land where merchants do not
advertise.

It looks as if the next term of cri-
minal court would be without a mur-
der trial, something unusual in
Clearfield county.

Children who have entered the flow-
er contest conducted by the Woman's
club should strive to win the prizes
offered.

Cherries will be few in number in
this county this year, and cherry col-
blers are likely to go up in price.

Practical gardening might be taught
school children on the many vacant
lots in this vicinity.

Trouble is that rains are not fre-
quent enough to keep the paved
streets flushed.

Give Curwensville a chance to prove
that it is a model town.

With snows in the west it is folly
to expect warm nights here.

"Ita" at Atlantic City.
"Ita," the mental marvel who ap-
peared recently at the opera house
here, arrived at her summer cottage
at Atlantic City, May 27. As rapidly
as possible she is replying to the
numerous questions sent her through
the mail. June 6 2t.

ARSON SQUAD BURNS ANOTHER BIG MANSION

Campaign Continues as Val- uable House Is Destroyed.

London, June 8.—The campaign of
the "arson squad" of the militant suf-
fragettes was continued when the wo-
men set fire to and destroyed a fine
mansion near High Wycombe in Buck-
inghamshire, about thirty miles from
London.

The mansion was filled with valu-
able furniture and objects of antique
art, but the members of the family
are away.

The usual suffrage literature was
found about the grounds. The house
adjoined the historic parish church,
which is believed to have been the
real objective of the women, who
were, however, unable to obtain ad-
mittance.

This incendiary fire is considered
part of the plan of the militant or-
ganization to give the people of Eng-
land no rest until the parliamentary
vote is granted to women.

For conveying into Holloway jail
letters and drugs to Grace Roe, a mil-
itant suffragette, a summons was is-
sued at the instance of the public
prosecutor against Arthur Barnett,
clerk to Mr. Marshall, attorney for the
Women's Social and Political Union.

The case has aroused much interest
because Mrs. Mildred Ella Mansel, one
of the organizers of the society, has
asserted that the militant suffragettes
are being drugged in order that they
may be forcibly fed.

SHOT FRIEND AND HIMSELF.

Double Tragedy as the Result of Quar-
rel in an Automobile.

Los Angeles, Cal., June 8.—George E.
Platt, president of a creamery com-
pany, was seriously wounded, and Clif-
ford Deyoe, a real estate agent, com-
mitted suicide as the result of a quar-
rel in an automobile here. The argu-
ment was about the merits of a certain
building contractor. Deyoe shot Platt
in the back.

Deyoe stopped the car and alighted.
Observing Platt lying on the ground,
he re-entered the car and fired a bullet
into his own head. Deyoe was mental-
ly unbalanced. He believed that many
persons, including Platt, owed him
large sums of money.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back
hurts or Bladder troubles you.

No man or woman who eats meat
regularly can make a mistake by
flushing the kidneys occasionally,
says a well-known authority. Meat
forms uric acid which clogs the
kidney pores so they sluggishly filter
or strain only part of the waste and
poisons from the blood, then you get
sick. Nearly all rheumatism, head-
aches, liver trouble, nervousness, con-
stipation, dizziness, sleeplessness,
bladder disorders comes from sluggish
kidneys.

The moment you feel dull ache in
the kidneys or your back hurts, or if
the urine is cloudy, offensive, full
of sediment, irregular of passage or
attended by a sensation of scalding,
get about four ounces of Jad Salts
from any reliable pharmacy and take
a tablespoonful in a glass of water
before breakfast for a few days and
your kidneys will then act fine. This
famous salt is made from the acid of
grapes and lemon juice, combined
with lithia and has been used for gen-
erations to flush clogged kidneys and
stimulate them to activity, also to
neutralize the acids in urine so it
no longer causes irritation, thus end-
ing bladder disorders.

Jad Salts is inexpensive and can-
not injure; makes a delightful effe-
scent lithia-water drink which all
regular meat eaters should take now
and then to keep the kidneys clean
and the blood pure, thereby avoiding
serious kidney complications.

FOREST NOTES

The annual capacity of the forest
nurseries of the government is about
25,000,000 young trees.

Cornell university recently dedicat-
ed a forestry building in connection
with the state college of agriculture.

It is said that the best times of
day to see forest fires from lookout
stations are just after daylight and
just before sunset.

The forest service has been request-
ed to co-operate with the port authori-
ties of Coos Bay, Washington, in
planning to control shifting sand
dunes.

Jack pine trees planted ten years
ago in the sand hills of Nebraska are
now large enough to produce fence
posts. Last year the first seed was
gathered from this plantation.

The agricultural experiment station
at Pullman, Washington, is establish-
ing an arboretum in which it is pro-
posed to grow of each of the import-
ant timber trees of the temperance
zone.

You'll be Delighted with these pretty Undermuslins

Our Mid-Season Showing is ready—the fruit of many weeks work has blossomed forth into an endless array of bewitching garments of every price and kind. Of course, combinations of Snow-White Materials, frilly lace and ribbons are always pretty; but this display goes deeper than surface things. There is sterling quality to every garment that you'll recognize in a twinkling. In fact, that is the secret of the unusual popularity of our undermuslin events. Every woman knows that along with a certain distinctiveness of design goes the best of materials and the best of workmanship.

Also—and this is just a thought we wish to leave with those who must conserve their dress allowance—she knows modest pricing is always a dominant note.

FEDERAL THREAT IS SENT TO TAMPICO

Say Huerta Gunboats Mean to Shell or Blockade Port.

Tampico, June 8.—An official notification was sent to the United States consul, Clarence A. Miller, by Governor Luis Caballero that he had received word of the intention of the federal war vessels Zaragoza and Bravo to come to Tampico for the purpose of bombarding or blockading the port. For this reason Governor Caballero said he thought it proper to notify the American consul, so that the American war vessels lying off the port might keep out of the line of fire.

The Constitutionalists have made all arrangements for the defense of the port. Several hundred troops with artillery departed from the town, and it is understood they went to La Barra with the intention of throwing up earthworks and placing cannon so as to prevent any attempt by the Mexican gunboats to enter the river.

It is not yet known what steps are to be taken to drive off the gunboats should they make an effort to blockade the port. No vessels adapted to such a purpose are at present available for the Constitutionalists.

On the arrival of the American schooner Sunshine from Galveston, with 3,000,000 Mauser and Winchester cartridges for the Constitutional authorities, Rear Admiral Mayo sent Flag Lieutenant Arthur B. Cook to learn the character of the cargo. Captain Brown of the Sunshine had made his vessel fast to the custom house wharf, and she had begun to discharge her cargo. After the flag lieutenant had made his report to the admiral, the latter decided that he had no authority to interfere, and the discharging of the ammunition continued until the consignment had been deposited in the custom house.

Some friction arose over the question of depositing the ship's papers at the American consulate. Captain Brown refused to do so, and the point was waived. It is understood here that the vessel had some difficulty in getting clearance from Galveston.

FULTON IS LAUNCHED.

Submarine Tender Christened by Fulton's Great-granddaughter.

Quincy, Mass., June 8.—The United States submarine tender Fulton was launched at the Fore River shipyard.

The craft was christened by Mrs. Alice Cray Sutcliffe of New York, a great-granddaughter of Robert Fulton, who broke a bottle of wine across the prow, saying, "I christen thee Fulton. Liberty of the seas will be the happiness of the earth."

AMERICAN WINS DERBY.

W. L. Brock First in London After L. Noel is Disqualified.

London, June 8.—An American, W. L. Brock, won the London "aerial derby" L. Noel, who finished first, was disqualified for "cutting corners." Brock flew in a Morane monoplane, as did Noel.

There were eleven entrants in the derby, which covered a course, starting from Hendon, of approximately ninety-five miles.

© 1914, by American Press Association.

Vice Consul John R. Silliman told the president of some of his experiences while a prisoner at Saltillo. TRADE COMMISSION BILL IS SEGREGATED

Senate Committee Holds Back Rest of Anti-trust Program.

Washington, June 8.—A federal trade commission bill, drafted by the senate committee on interstate commerce, was reported to the senate, and the three anti-trust bills passed by the house were referred to senate committees. The Clayton bill, comprising amendments to the Sherman act, was referred to the senate committee on the judiciary, while the Covington trade commission bill and the Rayburn stock and bond bill were referred to the committee on interstate commerce. Senator Newlands of Nevada, chairman of the committee on interstate commerce, said that he would attempt to have the federal trade commission bill made the unfinished business of the senate as soon as the tolls measure was disposed of. The subject matter of the other bill, he said, might be added later as amendments, in spite of reports that only the trade commission bill would be pressed to enactment this session. The decision of the committee to report to the senate a federal trade commission bill followed an agreement upon a motion offered by Senator Pomeroy of Ohio, a Democrat, providing that the first eight sections of the omnibus anti-trust bill prepared by the committee should be presented. After the meeting of the committee

Chairman Newlands issued a statement, saying: "The interstate commerce committee has had before it for some time my bill for the creation of a trade commission. It was concluded to embrace in the hearings the supplemental legislation to the anti-trust act suggested by the president in his message, and extensive additions to the trade commission bill, covering interlocking directorates, holding companies, the issue of railway securities, etc., and other matters have been under consideration. These matters were all presented in a report of a subcommittee."

FIGURES OF EMPRESS' LOSS.

Only Thirty-six First Class Passengers Were Rescued.

Montreal, June 8.—Official figures of the first class passengers who were on the Empress of Ireland now show that thirty-six were saved, twenty-seven bodies identified, twenty-three missing and one identification doubtful. This makes a total of eighty-seven.

Of 717 total passengers in the third cabin, 140 were rescued.

There was a crew of 413 on the arrival of the boat at Quebec from Liverpool, and seven deserted, making the total 406.

When the boat left Quebec there were five substitutes and four supernumeraries, making 415. Of these, 241 were saved and 174 lost.

WILSON'S CHAUFFEUR FINED.

President Issues Order to Keep Within the Speed Laws.

Washington, June 8.—One of President Wilson's chauffeurs was fined \$10 in a country court in the outskirts of the capital for speeding with a White House party a few days ago. He pleaded guilty and paid the fine.

The president has ordered the White House chauffeurs to observe all local speed laws.

DEATHS OF A DAY.

Oliver Lloyd, forty-four years old, son of Mr. and Mrs. Lloyd of Oceanic, N. J., died at White Lake, N. Y., where he ran a summer resort. A widow survives.

Thomas Decker, seventy-one years old, a civil war veteran who enlisted in the New Jersey Fifteenth volunteers and served three years, died at his home in Newton, N. J.

Mrs. Adella Seamon Sisson, seventy years old, widow of Elias H. Sisson, died at her home in Tenafly, N. J. She was a daughter of the late Charles H. Cox, a former president of the Northern Railroad of New Jersey.

Mrs. S. Anna Rowland, wife of Freeman Rowland, died at her home in Woodbridge, N. J. She was born and lived all her life in Woodbridge and was the daughter of W. B. Cutler. Mrs. Rowland was a member of the Presbyterian church and a prominent in its affairs.

James Hinman Smith, one of the best known editors of Westchester county, N. Y., died of heart disease at his summer home near South Britain, Conn. He was sixty-seven years of age and came from a family of newspaper men. His father, the late Thomas Smith, founded the old Yonkers Herald, now the Gazette.

The fifth Earl of Castle Stewart, male representative of the royal Stuarts of Scotland, died in London at the age of seventy-seven. He left no sons and is succeeded in the title by Andrew John Stuart, a cousin. The late peer was owner of 35,000 acres and possessed a fine collection of old masters in Stuart hall, County Tyrone, Ireland.

FLANIGAN-HESS

Clearfield Young Man Takes a Tyrone Girl as His Bride.

Thursday morning at 9 o'clock, Rev. Father Looney of St. Matthew's Catholic church, Tyrone, united Miss Nadine Hess, of Tyrone, and Ambrose R. Flanigan, of Clearfield, in the holy bonds of wedlock. The bride was William A. Flanigan, of Clearfield. Miss Mary Connelly and best man The bride, who is the daughter of Claude and Mrs. Sarah A. Hess, of Clearfield, is a sister of Mrs. Harry Hamilton of Tyrone. She is a most excellent young lady and fully competent to fill her new sphere in life. The bridegroom is a son of Patrick and Mrs. Mary E. Flanigan, of Clearfield. He is a young man of sterling character and holds a responsible position with a large coal company as a sales agent in the above county. Both have a host of friends who extend best wishes for a bright and successful journey through life. Mr. and Mrs. Flanigan will reside in Clearfield.—Altoona Times.

A VIGOROUS SPEAKER.

Mrs. Purcell Talks to Audiences in Clearfield Sunday.

Mrs. Alice B. Purcell, of Philadelphia, president of the Pennsylvania State W. C. T. U., delivered two speeches in Clearfield Sunday, speaking in the Y. M. C. A. in the afternoon and in Trinity church Sunday evening. Mrs. Purcell is a vigorous talker and made it plain to her audiences that she did not think very highly of Clearfield. She declared in this town the laws are not enforced; that church people, merchant and even the judge and the newspapers were afraid of the liquor element.

Mrs. Purcell has a strong voice, and her remarks were vigorous, leaving no doubt of her belief that Clearfield is in need of reform in many ways. Her remarks went home to some of the people in her audiences, especially when she spoke of the cowardice of business men who refuse to sign remonstrances against liquor licenses. She praised Curwensville and held up that town as an example to Clearfield in temperance work.

NOW LOOKS TO CARRANZA.

The impression here is definite that the administration would rather deal directly with the Constitutionalists in Mexico City than try to reconcile them to a commission government which they had not indorsed in advance. How the commission would sustain itself in power with the active support of neither Carranza nor Huerta's factions has not been disclosed. And the United States now feels that the commission idea would tend in a measurable degree toward requiring the ultimate march to Mexico City of the federal army at Vera Cruz.

Reports from Admiral Badger showed that the Huerta gunboats which were expected to blockade Tampico had not moved from Puerto Mexico and the hope grew here that a clash with General Huerta's diminutive navy would be averted.

RESOURCES BELONG TO WOMEN

**Washington Senatorial Committee
Lines Program to Guard Rights
Consumers—Automatic Power
in the Hands of a Few—Can
do Cited as Example**

Kenneth Square, June 8.
Gifford Pinchot, Washington
candidate for United States
explained the remedion program
Progressives for evils of waste
of natural resources to an interest
audience at the annual meeting of
Progressive Society of Philadel
Longwood, on Friday.

Dr. Mr. Pinchot was asked to give
E. solution of the present evils of
One monopolies at the conclusion of
ar- talk on "Conservation and Human
- mortality."

Would Fix Coal Prices.

"The Washington party program is so to the source of the evil," he answered, "by fixing the price of anthracite coal in Pennsylvania. The union or organization of the trusts is not so important. You remember what happened after the so-called breaking up of the Standard Oil trust. We suppose to take away from the trust the only thing they care for, that is their chance to fix prices at the expense of the public."

Conservation title monopoly.

"We feel that the title to all natural resources, such as timber, water, power sources, forests, grazing lands and all sources of inconvertible goods should remain in public hands. It may be wise to lease or rent these power sources, but the public should be the real owner. Eventually we shall be ready to get back these natural resources that private monopoly has taken away from the people. The time is coming when the public opinion will be ripe so that they can be done."

Mr. Pinchat came here from Lancaster, where he spent a day of campaigning. He had no intention of referring to politics in this city and confined himself to his subject.

"Conservation as it is now developed has come to mean something that is fundamental to the welfare and happiness of our people. The effect of monopoly of natural resources is felt in the cost of living through the power of a few to collect a super-tax and add it to the cost of everything the people use.

Power in Hands of Few .
 "Where the margin between earnings and living costs is narrow, as it is in thousands of American homes, this power to control prices puts in the hands of a few the happiness or misery, the success or failure of men and women and the power to say whether or not the children of these men and women shall have their chance in the world."

One of the questions referred to the Colorado coal strike situation, "I am glad that has been mentioned," Mr. Fletcher said. "That is the first illustration of the power of management to take from men their position and their rights. The Rockefeller interests have complete control of the coal fields and the timeliness of management in Colorado."

"Through political content these men have been able to do things were- and more dangerous to us than anything that has happened on could happen to America."

Mr. Pinchot was introduced by Mr. Hinchley as "the man who has rendered most distinguished service to the nation and is now trying to render a great moral service to Pennsylvania."

Twenty-five of the Knights of Columbus, of Charfield went over to Tyrone yesterday to take a degree.

WHY?

Why not either enforce the or-
dinances or repeal them?
Good evening! Of course you have
abandoned the idea of going some-
where else to witness the celebra-
tion of the Fourth.

THE PEOPLE'S CAUSE.

In closing its declaration of princi-
ples the Washington party state com-
mittee says:
"Upon these declarations we rest
our cause, which is the cause of the
people of Pennsylvania."
The people of Pennsylvania know
that Penroseism has been a shame
and disgrace to the state of Pennsylv-
ania. No man who knows with what
sincerity and eagerness Penrose has
done the bidding of the monopolists
and beneficiaries of special privilege
can conscientiously say that Penrose-
ism has been of any benefit to the peo-
ple of this state. On the other hand,
every intelligent man in the state
knows that but for Penroseism the
laws demanded by the people would
now be on the statute books on Penn-
sylvania.
The Washington party has clearly
and sincerely set forth the issues in
the present campaign. These issues
are vital to the interests of the com-
mon people and the common people
know that through no other party
than the Washington party can they
hope to secure the laws they have
sought for and which were defeated by
the Penrose senate of the state last
year. If the people want these laws
enacted they must vote against Pen-
rose, and the only way to defeat Pen-
rose and wipe the stain of Penrose-
ism from the state is to support the
Washington party candidates.

MEXICAN SITUATION.

The situation in Mexico may be

said to be normal—that is, the peace
commissioners are talking of peace.
President Wilson is still watching and
waiting, while Huerta is receiving
arms and ammunition by the shipload
without any opposition from the
American government. This ammuni-
tion may be used later in destroying
the lives of Americans, either in the
army or among those who are still in
the interior of Mexico.

Our policy in Mexico resembles that
of an infant who plays with fire. Wil-
son, backed by Chautauqua Bill Bryan
dreams dreams, and the day of peace
is farther off than before the seizure
of Vera Cruz. Had a Roosevelt
been in the White House when the
trouble with Huerta began that butcher
of American citizens would either
be a corpse or a refugee in some for-
eign country across the sea. Fail-
ure of the peace negotiations is sure
to come and the armistice has
given Huerta the opportunity he wish-
ed for—that of providing his army
with ammunition. What a farce this
Democratic administration is, to be
sure!

The next school teacher who runs
for the presidency will be defeated so
badly that he will want to migrate to
some land where merchants do not
advertise.

It looks as if the next term of cri-
minal court would be without a mur-
der trial, something unusual in
Clearfield county.

Children who have entered the flow-
er contest conducted by the Woman's
club should strive to win the prizes
offered.

Cherries will be few in number in
this county this year, and cherry cob-
blers are likely to go up in price.

Practical gardening might be taught
school children on the many vacant
lots in this vicinity.

Trouble is that rains are not fre-
quent enough to keep the paved
streets flushed.

Give Curwensville a chance to prove
that it is a model town.

With snows in the west it is folly
to expect warm nights here.

"Ita" at Atlantic City.
"Ita," the mental marvel who ap-
peared recently at the opera house
here, arrived at her summer cottage
at Atlantic City, May 27. As rapidly
as possible she is replying to the
numerous questions sent her through
the mail. June 6 2t.

ARSON SQUAD BURNS ANOTHER BIG MANSION

Campaign Continues as Val- uable House Is Destroyed.

London, June 8.—The campaign of
the "arson squad" of the militant suf-
fragettes was continued when the wo-
men set fire to and destroyed a fine
mansion near High Wycombe in Buck-
inghamshire, about thirty miles from
London.

The mansion was filled with valu-
able furniture and objects of antique
art, but the members of the family
are away.

The usual suffrage literature was
found about the grounds. The house
adjoined the historic parish church,
which is believed to have been the
real objective of the women, who
were, however, unable to obtain ad-
mittance.

This incendiary fire is considered
part of the plan of the militant or-
ganization to give the people of Eng-
land no rest until the parliamentary
vote is granted to women.

For conveying into Holloway jail
letters and drugs to Grace Roe, a mil-
itant suffragette, a summons was is-
sued at the instance of the public
prosecutor against Arthur Barnett,
clerk to Mr. Marshall, attorney for the
Women's Social and Political Union.

The case has aroused much interest
because Mrs. Mildred Ella Mansel, one
of the organizers of the society, has
asserted that the militant suffragettes
are being drugged in order that they
may be forcibly fed.

SHOT FRIEND AND HIMSELF.

Double Tragedy as the Result of Quar-
rel in an Automobile.

Los Angeles, Cal., June 8.—George E.
Platt, president of a creamery com-
pany, was seriously wounded, and Clif-
ford Deyoe, a real estate agent, com-
mitted suicide as the result of a quar-
rel in an automobile here. The argu-
ment was about the merits of a certain
building contractor. Deyoe shot Platt
in the back.

Deyoe stopped the car and alighted.
Observing Platt lying on the ground,
he re-entered the car and fired a bullet
into his own head. Deyoe was mental-
ly unbalanced. He believed that many
persons, including Platt, owed him
large sums of money.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back
hurts or Bladder troubles you.

No man or woman who eats meat
regularly can make a mistake by
flushing the kidneys occasionally,
says a well-known authority. Meat
forms uric acid which clogs the
kidney pores so they sluggishly filter
or strain only part of the waste and
poisons from the blood, then you get
sick. Nearly all rheumatism, head-
aches, liver trouble, nervousness, con-
stipation, dizziness, sleeplessness,
bladder disorders comes from sluggish
kidneys.

The moment you feel dull ache in
the kidneys or your back hurts, or if
the urine is cloudy, offensive, full
of sediment, irregular of passage or
attended by a sensation of scalding,
get about four ounces of Jad Salts
from any reliable pharmacy and take
a tablespoonful in a glass of water
before breakfast for a few days and
your kidneys will then act fine. This
famous salt is made from the acid of
grapes and lemon juice, combined
with lithia and has been used for gen-
erations to flush clogged kidneys and
stimulate them to activity, also to
neutralize the acids in urine so it
no longer causes irritation, thus end-
ing bladder disorders.

Jad Salts is inexpensive and can-
not injure; makes a delightful effe-
scent lithia-water drink which all
regular meat eaters should take now
and then to keep the kidneys clean
and the blood pure, thereby avoiding
serious kidney complications.

You'll be Delighted with these pretty Undermuslins

Our Mid-Season Showing is ready—the fruit of many weeks work has blossomed forth into an endless array of bewitching garments of every price and kind. Of course, combinations of Snow-White Materials, frilly lace and ribbons are always pretty; but this display goes deeper than surface things. There is sterling quality to every garment that you'll recognize in a twinkling. In fact, that is the secret of the unusual popularity of our undermuslin events. Every woman knows that along with a certain distinctiveness of design goes the best of materials and the best of workmanship.

Also—and this is just a thought we wish to leave with those who must conserve their dress allowance—she knows modest pricing is always a dominant note.

Summer Knit Underwear

The kind with style and comfort at prices within the reach of every one. For no matter what price you pay we have seen to it that you get the very best garments that money can buy for the price; garments with elasticity that responds to every movement, perfect workmanship, style

and finish, are found in such brands as Richelieu, Kayser, Forest Mill, and Essex brands, are represented in almost any style or size you want

FEDERAL THREAT IS SENT TO TAMPICO

Say Huerta Gunboats Mean to Shell or Blockade Port.

Tampico, June 8.—An official notification was sent to the United States consul, Clarence A. Miller, by Governor Luis Caballero that he had received word of the intention of the federal war vessels Zaragoza and Bravo to come to Tampico for the purpose of bombarding or blockading the port. For this reason Governor Caballero said he thought it proper to notify the American consul, so that the American war vessels lying off the port might keep out of the line of fire.

The Constitutionalists have made all arrangements for the defense of the port. Several hundred troops with artillery departed from the town, and it is understood they went to La Barra with the intention of throwing up earthworks and placing cannon so as to prevent any attempt by the Mexican gunboats to enter the river.

It is not yet known what steps are to be taken to drive off the gunboats should they make an effort to blockade the port. No vessels adapted to such a purpose are at present available for the Constitutionalists.

On the arrival of the American schooner Sunshine from Galveston, with 3,000,000 Mauser and Winchester cartridges for the Constitutional authorities, Rear Admiral Mayo sent Flag Lieutenant Arthur B. Cook to learn the character of the cargo. Captain Brown of the Sunshine had made his vessel fast to the custom house wharf, and she had begun to discharge her cargo. After the flag lieutenant had made his report to the admiral, the latter decided that he had no authority to interfere, and the discharging of the ammunition continued until the consignment had been deposited in the custom house.

Some friction arose over the question of depositing the ship's papers at the American consulate. Captain Brown refused to do so, and the point was waived. It is understood here that the vessel had some difficulty in getting clearance from Galveston.

FULTON IS LAUNCHED.

Submarine Tender Christened by Fulton's Great-granddaughter.

Quincy, Mass., June 8.—The United States submarine tender Fulton was launched at the Fore River shipyard.

The craft was christened by Mrs. Alice Crary Sutcliffe of New York, a great-granddaughter of Robert Fulton, who broke a bottle of wine across the prow, saying, "I christen thee Fulton. Liberty of the seas will be the happiness of the earth."

AMERICAN WINS DERBY.

W. L. Brock First in London After L. Noel is Disqualified.

London, June 8.—An American, W. L. Brock, won the London "aerial derby" L. Noel, who finished first, was disqualified for "cutting corners." Brock flew in a Morane monoplane, as did Noel.

There were eleven entrants in the derby, which covered a course, starting from Hendon, of approximately ninety-five miles.

TRADE COMMISSION BILL IS SEGREGATED

Senate Committee Holds Back Rest of Anti-trust Program.

Washington, June 8.—A federal trade commission bill, drafted by the senate committee on interstate commerce, was reported to the senate, and the three anti-trust bills passed by the house were referred to senate committees. The Clayton bill, comprising amendments to the Sherman act, was referred to the senate committee on the judiciary, while the Covington trade commission bill and the Rayburn stock and bond bill were referred to the committee on interstate commerce. Senator Newlands of Nevada, chairman of the committee on interstate commerce, said that he would attempt to have the federal trade commission bill made the unfinished business of the senate as soon as the tolls measure was disposed of. The subject matter of the other bill, he said, might be added later as amendments, in spite of reports that only the trade commission bill would be pressed to enactment this session. The decision of the committee to report to the senate a federal trade commission bill followed an agreement upon a motion offered by Senator Pomeroy of Ohio, a Democrat, providing that the first eight sections of the omnibus anti-trust bill prepared by the committee should be presented. After the meeting of the committee

Chairman Newlands issued a statement, saying: "The interstate commerce committee has had before it for some time my bill for the creation of a trade commission. It was concluded to embrace in the hearings the supplemental legislation to the anti-trust act suggested by the president in his message, and extensive additions to the trade commission bill, covering interlocking directorates, holding companies, the issue of railway securities, etc., and other matters have been under consideration. These matters were all presented in a report of a subcommittee."

FIGURES OF EMPRESS' LOSS.

Only Thirty-six First Class Passengers Were Rescued.

Montreal, June 8.—Official figures of the first class passengers who were on the Empress of Ireland now show that thirty-six were saved, twenty-seven bodies identified, twenty-three missing and one identification doubtful. This makes a total of eighty-seven.

Of 717 total passengers in the third cabin, 140 were rescued.

There was a crew of 413 on the arrival of the boat at Quebec from Liverpool, and seven deserted, making the total 406.

When the boat left Quebec there were five substitutes and four supernumeraries, making 415. Of these, 241 were saved and 174 lost.

WILSON'S CHAUFFEUR FINED.

President Issues Order to Keep Within the Speed Laws.

Washington, June 8.—One of President Wilson's chauffeurs was fined \$10 in a country court in the outskirts of the capital for speeding with a White House party a few days ago. He pleaded guilty and paid the fine.

The president has ordered the White House chauffeurs to observe all local speed laws.

DEATHS OF A DAY.

Oliver Lloyd, forty-four years old, son of Mr. and Mrs. Lloyd of Oceanic, N. J., died at White Lake, N. Y., where he ran a summer resort. A widow survives.

Thomas Decker, seventy-one years old, a civil war veteran who enlisted in the New Jersey Fifteenth volunteers and served three years, died at his home in Newton, N. J.

Mrs. Adella Seamon Sisson, seventy years old, widow of Elias H. Sisson, died at her home in Tenafly, N. J. She was a daughter of the late Charles H. Cox, a former president of the Northern Railroad of New Jersey.

Mrs. S. Anna Rowland, wife of Freeman Rowland, died at her home in Woodbridge, N. J. She was born and lived all her life in Woodbridge and was the daughter of W. B. Cutler. Mrs. Rowland was a member of the Presbyterian church and a prominent in its affairs.

James Hinman Smith, one of the best known editors of Westchester county, N. Y., died of heart disease at his summer home near South Britain, Conn. He was sixty-seven years of age and came from a family of newspaper men. His father, the late Thomas Smith, founded the old Yonkers Herald, now the Gazette.

The fifth Earl of Castle Stewart, male representative of the royal Stuarts of Scotland, died in London at the age of seventy-seven. He left no sons and is succeeded in the title by Andrew John Stuart, a cousin. The late peer was owner of 35,000 acres and possessed a fine collection of old masters in Stuart hall, County Tyrone, Ireland.

Manchester, England, June 8.—Harry Monckton, Harry Payne Whitney's entry, won the Salford Borough handicap of \$4,650 against a field of fourteen runners.

FLANIGAN-HESS

Clearfield Young Man Takes a Tyrone Girl as His Bride.

Thursday morning at 9 o'clock, Rev. Father Looney of St. Matthew's Catholic church, Tyrone, united Miss Nadine Hess, of Tyrone, and Ambrose R. Flanigan, of Clearfield, in the holy bonds of wedlock. The bride was William A. Flanigan, of Clearfield. Miss Mary Connelly and best man The bride, who is the daughter of Claude and Mrs. Sarah A. Hess, of Clearfield, is a sister of Mrs. Harry Hamilton of Tyrone. She is a most excellent young lady and fully competent to fill her new sphere in life. The bridegroom is a son of Patrick and Mrs. Mary E. Flanigan, of Clearfield. He is a young man of sterling character and holds a responsible position with a large coal company as a sales agent in the above county. Both have a host of friends who extend best wishes for a bright and successful journey through life. Mr. and Mrs. Flanigan will reside in Clearfield.—Altoona Times.

A VIGOROUS SPEAKER.

Mrs. Purcell Talks to Audiences in Clearfield Sunday.

Mrs. Alice B. Purcell, of Philadelphia, president of the Pennsylvania State W. C. T. U., delivered two speeches in Clearfield Sunday, speaking in the Y. M. C. A. in the afternoon and in Trinity church Sunday evening. Mrs. Purcell is a vigorous talker and made it plain to her audiences that she did not think very highly of Clearfield. She declared in this town the laws are not enforced; that church people, merchant and even the judge and the newspapers were afraid of the liquor element.

Mrs. Purcell has a strong voice, and her remarks were vigorous, leaving no doubt of her belief that Clearfield is in need of reform in many ways. Her remarks went home to some of the people in her audiences, especially when she spoke of the cowardice of business men who refuse to sign remonstrances against liquor licenses. She praised Curwensville and held up that town as an example to Clearfield in temperance work.
